**SPORTING FIELD ROSEWOOD 9th x**

At \$1250 she was the top selling heifer in our 1955 Sale.  
Consigned by Archwood Farm.

The buyer was W. F. Bullis, Rockville, Maryland.

For more than 40 years The Shorthorn World has been recording the fact that members of the Shenandoah Valley Polled Shorthorn Breeders Association have been buying the best of breeding stock. Early in its history its leading members were buying the improving descendants of Knight of Collynie and White Hall Sultan. Today other leading members are carefully blending the blood of Kirkton Baronet, Calrossie Welcome and other great Shorthorn bulls. Always the goal has been to breed better Polled Shorthorns.

That success has crowned their efforts many times, is proven by the many great show and breeding animals that have been produced in their herds. Winners at the International, class winners and Congress champions all have been bred and used by members of this association.

Possibly the greatest contribution to the improvement of Polled Shorthorns by members of this association is its Annual Sale. Here other herds both large and small can purchase seed stock backed by carefully selected cow herds and sired by some of the best bulls of the breed.

We believe that selections from this sale will help you to attain your goal—**BETTER POLLED SHORTHORNS.**

**HIGHLAND PRIDE**—This bull, I feel, is one of the best that I have raised. He now weighs 1415 pounds and will not be two years old until June 5th, 1956. I have bred him to one of my best heifers, a Coleman heifer, who is with calf and I expect something really good. If I did not own his father and mother I would keep him as a herd bull.
